# DEEPAK PLASTO INDUSTRIES

<http://www.deepakplastoindustries.com/>

***We are amongst the leading Manufacturer, Exporter, Importer and traders of HDPE/PP Chemical Storage Tank, Reactor Vessel & Scrubber System etc. Services are also provided by us, at the best possible rate with the best Quality.***

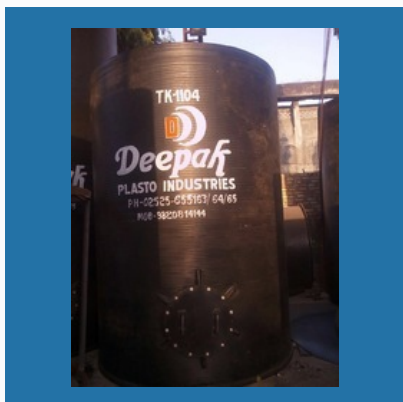

## About Us

With our establishment of operations in the year **2005, Deepak Plasto Industries** has successfully established its name in the market, as one of the leading manufacturers, traders, Importer, exporter and suppliers of this highly commendable range of Storage Tanks & Vessels. The offered range comprises the finest Spiral HDPE Storage Tank, Industrial Pipe, and Reactor Vessel, which are highly demanded in the market. Making of this range is commenced as per the set guidelines for the industry and utilizing the finest raw materials and advanced technology. This ensures the product's performance, service life, speed, and capacity. In addition, the finest Installation and fabrication services are provided by us, at the best possible rate. Our Importing country is German.

To manage the firm's operations in the best possible manner, we have parted the infrastructural facility at Deepak Plastic Fabricator into several highly operational units. Our highly futuristic state-of-the-art infrastructural facility, equipped with all the necessary machinery and equipment, facilitates the attainment of several of the firm's predefined goals and objectives. The units regularly upgraded, helps us in the maximization of our market reach and boosting of our production capacity. In addition, our highly ethical working habits have helped gather a huge client base, comprising reputed names like **Bhavika Chemicals Pvt. Ltd., Calyx Chemicals...**

## SPIRAL HDPE STORAGE TANK
